TECH CENTER 1600/2900

Dear Sir:

Pursuant to the duty of disclosure as set forth in 37 C.F.R. §1.56, §1.97 and §1.98, Applicants hereby disclose publications known to them which may be material to the patentability of this invention. The publications are listed on the attached Form PTO-1449, and a copy of each is enclosed. Kindly acknowledge receipt of this Statement and make the cited references of record in the subject application.

Submission of these publications does not constitute an admission that any are "prior art" under 35 U.S.C. §102 or §103, and Applicants specifically reserve the right to antedate any such material as by a showing under 37 C.F.R. §1.131 or other method.

Each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, a copy of which is included herewith.

Since this IDS is being filed before the mailing of a first Office Action on the merits, no fee under 37 CFR 1.17(p) is believed to be required. However, if a fee is required, Applicants authorize the Commissioner to charge Applicants' deposit account no. 09-0089 in an amount necessary to permit consideration of this Information Disclosure Statement.
